

Residency Requirements

Residents and Nonresidents: To buy hunting and fishing licenses with a VISA or MasterCard, call 1-800-55HUNT5, or go to the Idaho Fish and Game Web site at <http://fishandgame.idaho.gov> 24-hours a day. Residents must have an Idaho driver's license (to verify residency). The information must be read exactly as it appears on the license. Most licenses will be valid for use immediately. Some tags/permits are also available from these sources. The charge for processing phone-in applications is three percent (3 percent) of the transaction plus \$5.50; the charge for internet applications is three percent (3 percent) of the transaction plus \$3.50. Call 208-334-3700 for more information.

Resident:

Proof of residency is required before issuance of any resident license. A resident is defined as any person who has been domiciled in the state of Idaho, with a bona fide intent to make this his or her place of permanent abode, for a period of not less than six months immediately preceding the date of application for any license, tag or permit. A senior resident is defined as any person who is over sixty-five (65) years of age and who has been a resident of the state of Idaho not less than five years immediately preceding the date of application for a senior license or tag. Domicile means the place where an individual has his/her home to which he/she has the intention of returning whenever he/she is absent.

A driver must produce his/her Idaho driver's license as proof of residency; or a nondriver must produce suitable proof of residency, such as an Idaho Identification Card issued by the Department of Transportation, **or** two documents bearing his/her name and address (not issued by himself/herself) such as: in the case of a child under 18, identification from a parent; rent receipts or mortgage statements for the previous six months, home utility bills for the previous six months, notarized statement from an employer on business letterhead, or proof of voter registration dated six months prior. A previous year's hunting license is not proof of residency. Ownership of real property or paying of property taxes within the state of Idaho is **not** a qualification for residency. No one can claim Idaho resident privileges while claiming resident privileges in another state (except military personnel).

A member of the U.S. military service or of a foreign country, together with spouse and children under 18 years of age, residing in his/her household, who have been officially transferred, stationed, domiciled and on active duty in the state of Idaho for a period of 30 days preceding application shall be eligible, as long as such assignment continues, to purchase a resident license. A member of the Idaho National or Air National Guard, domiciled in Idaho for 30 days preceding application shall be eligible, as long as such residency continues, to purchase a resident license.

Idaho residents who are in the U.S. military service, and maintain Idaho as their official state of residence, together with spouse and children (under 18 years of age) residing in his/her household shall be eligible to purchase a resident license. The service person himself/herself is eligible to buy a furlough license from any vendor while on leave. Other permits and validations must be attached as required.

Persons who do not qualify as residents must purchase a nonresident license.

Nonresident:

Nonresident Tag Quotas: There is a quota on the sale of nonresident deer and elk tags. Quotas may be exceeded under the following conditions:

- Persons who have moved into Idaho and are establishing residency who can, by affidavit, show proof of their intent to become bona fide residents, but are not now fully qualified to buy a resident license, may purchase a nonresident deer tag and/or nonresident elk tag through the headquarters or regional offices.
- Idaho Fish and Game may, upon receipt of an unused nonresident deer or elk tag and a notarized affidavit stating that the tag buyer has not hunted, issue an additional tag to provide a hunting opportunity within the nonresident hunter quota as follows:
- To another nonresident designated by the buyer.
- If the buyer does not make a choice and has retained an outfitter or guide, the outfitter or guide may make the designation.
- If no designation is made by the above, Idaho Fish and Game may sell the replacement tag on a first-come, first-served basis. The designated buyer will pay the regular fee for the replacement tag.

License, Tag and Permit Fees

Updated January 2011

The amounts listed include all permits and application fees as of January 1, 2011. Fees may change without notice. Licenses, permits, validations and tags expire **December 31**, except where noted.

Any person 14 years of age or older must have a valid license or permit to fish for fish, bullfrogs or crayfish in Idaho. No person shall fish without having the proper license on his or her person.

Any license, tag or permit which is defaced, altered or tampered with shall be invalid from the date and time of issuance. It is a violation to use or attempt to use any license, tag or permit that has been defaced, altered or tampered with by means of (but not limited to) erasures and type overs, or tears in the paper. Nonresident children under 14 years of age must be accompanied by the holder of a valid fishing license and their fish must be included in the license holder's limit in order to fish without a license, or they may purchase a nonresident license and have their own limit.

Resident children under 14 years of age need not be accompanied by the holder of a valid fishing license and they may have their own separate limit. A resident child under 14 may not purchase an annual fishing license and the associated two-pole permit. Resident children under 14 can purchase a two-pole permit without a fishing license.

Persons 14 years of age and older who do not qualify as residents must purchase a nonresident license.

A resident child under 14 may purchase a salmon or steelhead permit without a license so that he or she may catch his or her own limit of steelhead or salmon.

Fishing on Indian reservations may require tribal licenses and adherence to tribal regulations.

Special Resident Permits

Anyone certified as eligible for federal supplemental income (SSI), social security disability income (SSDI), railroad retirement board disability, a nonservice-connected veteran's pension, or a service connected veteran's disability benefit with 40 percent or more disability, may qualify for a "disabled" license. Bring current year documentation when applying. Disabled licenses may be purchased at Fish and Game offices, selected license vendors (see website for list), and through the mail.

Resident Lifetime License Certificates

Regardless of your age, purchase of a lifetime license could be the best investment you ever make. Lifetime combination hunting and fishing licenses authorize all privileges associated with a corresponding annual license. These licenses are valid for the lifetime of the license holder and are available to all Idaho residents. If a lifetime certificate holder moves out of Idaho, they will continue to receive an annual license, but they will have to pay nonresident tag and permit fees. The lifetime certificate does not include tags and permits. Lifetime certificates can be purchased at Idaho Fish and Game headquarters and regional offices only.
